

FACIAL Pre & Post Care

*Cannot receive this treatment if you been treated with Accutane within the last 12 months.

*You will have to postpone this treatment if you have received facial treatment(s) like Botox, chemical peel, dermal fillers, or laser treatment, etc. in the last 2 weeks.

Pre-Treatment

*Avoid sun for one week prior to receiving a facial.

*Stop the use of any retinol, AHA/BHA products, aggressive exfoliation, or facial waxing two days prior to facial.

Treatment Day

*Come to the appointment with clean skin, no lotions.

*Cleansing products are available for your convenience, please arrive 10 minutes early if you need to wash your face. Notify the esthetician if you have any allergies, sensitivities, or if you are pregnant or lactating.

Aftercare

*Skin might experience temporary irritation, tightness, redness or slight swelling with usually dissipates within 72 hours depending on skin sensitivity. SPF is recommended following treatment.

Please contact Cheeky Medspa at (907) 252-3198 if you have any questions, concerns, or compliments regarding your treatment.
